The BS in Online Accounting (oACCT) is a degree completion program that requires students to have 60 hours of college-level coursework complete (UCC and Professional Business Core complete) and not a program that students can begin at SIU as freshmen.

Academic policies as well as degree and major-specific requirements can be found at *catalog.siu.edu.* All students are encouraged to meet with the academic advisor on a regular basis to ensure timely progress to degree.

University Core Curriculum (UCC) is satisfied with the transfer of an Associate of Art or Science (AA or AS) degree or the completion of the Illinois Articulation Initiative-General Education Core Curriculum (IAI-GECC) from an Illinois community college.
